VELA Tango 510

THE LATEST DEVELOPMENT WITHIN CHAIRS FOR ACTIVITY- INCLUDING HIGH BACK REST AND LARGE SEAT TILT

- Suited for people with disabilities, who often sit in the chair for a longer time
- Provides extra support, comfort and safety in the active sitting posture - and in a resting position
- The chair contributes to variation in the sitting position and provides mobility, activity and participation

Good sitting posture with large seat tilt

EXCELLENT SITTING POSTURE – FOR ACTIVITY, RELIEF AND REST

- Upholstered seat and back rest provides comfort and stability in the sitting posture
- High backrest and head rest - supports the back in the resting position
- Forwards seat tilt eases getting in and out of the chair
- Large backwards seat tilt - for relief from the active sitting position and for resting
- Active and resting sitting posture in the same chair
